Series

INNOVATIVE AND UNIQUE WINES FROM THE CURICÓ VALLEY.

FROM THE ANDES MOUNTAINS TO THE PACIFIC OCEAN. AN EXTREME ENO-
AGRONOMIST PROJECT CONVERTING THE “TRANSECT AXIS” OF THE CURICÓ
VALLEY, FROM EAST TO WEST, TO PRODUCE UNIQUE AND EXCLUSIVE WINES,
WITH THE NEW CLIMATE DIVERSITY AT THE CURICÓ VALLEY.

ORIGIN:

This Merlot comes from the high Andean peaks in the Curicó Valley, in a vineyard situated 1,245 meters above the sea level.

WINEMAKING:

The slopes where the vines grow offer a unique combination of volcanic and coarse textured soil. The project of an area under vine of only 4 hectares is surrounded by native Andean woods. Grapes are first brought to fermentation tanks and then to oak barrels for about 6 months to attain maturity and complexity.

TASTING NOTES:

This wine presents a very particular aromatic palette, where sweet spices and some natural herbal aromas blend with hints of fresh fruit. Slow ripening results in a powerful, mouth filling structure, remarkable complexity, round tannins and a lingering, tasty finish.

FOOD PAIRING:

Perfect to pair with lamb, red meats and mature cheeses.

TECHNICAL INFORMATION:

APPELLATION : Curicó Valley
VARIETIES : 100% Merlot
ALCOHOL : 13%
TOTAL ACIDITY : 5 g/l
RESIDUAL SUGAR : 2.5 g/l
PH : 3.5

IDEAL TEMP.:

15 a 18° C
